

Lunar Missions & Homeopathy

Drs.

Prasanta & Pratip Banerji of PBHRF presented a paper on Possible Use of Ultra-Diluted Medicines For Health Problems During Lunar Missions at the Rutgers Symposium on Lunar Settlements.

Drs

Prasanta and Pratip Banerji were the only medical practitioners from India invited to present their paper at this prestigious symposium which had, among other speakers, Harrison H. Schmitt, lunar model pilot on Apollo 17, and the internationally well-known astronomer, David H. Levy.
